SUPERVISORS HOLD SPECIAL MEETING

SUPERVISORS ALLOW USE OF SPUR TRACKS AT UNION PARK UNTIL JUNE 7TH.

Wrightson, Anderson and Yost Get Contract for Building Road From Belmont to Crystal Springs.

An adjourned meeting of the board of supervisors was held Saturday, May 15, there being present Jos. M. Francis, presiding, Jas. T. Casey, Wm. Brown, John MacBain, absent, C. V. Thompson.

A communication was received from the San Mateo Chamber of Commerce, asking the board to communicate with the San Francisco supervisors with regard to changing the traffic regulations so that the branch of the United Railroads extending to San Mateo could operate as a suburban line with special privileges as regards stops and fares. On motion of Brown, seconded by MacBain, the communication was referred to District Attorney Swart to draw up the proper resolutions to be forwarded to the San Francisco supervisors.

E. R. Anthony of the Southern Pacific Company appeared before the board and asked that the time be extended for permission to use the spur tracks at Union Park and Baden for unloading manure. He stated that the immediate enforcement of the ordinance regulating the unloading of manure would work a severe hardship on the Southern Pacific, as well as on the vegetable growers of the northend.

On motion of Brown, seconded by Casey, the time of unloading manure at the above stations was extended to June 7.

Superintendent of Schools Roy W. Cloud appeared before the board and thanked the members for the good time that had been given the 4,300 school children on San Mateo County's day at the Exposition on May 14th.

Judge J. F. Davis presented a petition, signed by H. Pierce and other property owners of Colma, asking for the formation of Colma Sanitary District No. 1.

Judge Davis, in presenting the petition, stated that the people of Colma, within the proposed sanitary district were practically unanimous in favor of the formation of the sanitary district and he made a strong plea to have the petition accepted.

Judge E. F. Fitzpatrick, in behalf of the Spring Valley Water Company, opposed the granting of the petition, on the ground that sufficient time had not been given to inquire into the validity of the new petition presented by Judge Davis, and that said petition should have been referred to the district attorney for him to pass on its validity.

After considerable discussion, in which the members of the board joined, the petition, on motion of Brown, seconded by Casey, was accepted and referred to the district attorney, to report at the next regular meeting.

Judge Davis next presented a petition signed by A. H. Davidson and others, asking for the formation of Colma Sanitary District No. 2. This petition was likewise accepted and referred to the district attorney, on motion of Casey, seconded by Brown.

The county clerk reported that he had been unable to find anyone willing to print the 5000 blank claims, which were badly needed, at the price that had been established. On motion of MacBain, seconded by Francis, the clerk was thereupon instructed to advertise for the printing of 10,000 of the above claims.

A communication was received from Wrightson, Anderson & Yost, offering to construct the Belmont to Crystal Springs road for $16,388.45. When the bids for the building of this road had been opened last April, it was found that none of the bids were under the engineer's estimate and the engineer, himself, was ordered to do the work.

Engineer Neuman stated that Wrightson, Anderson's & Yost's bid was now under the limit and he recommended that the contract be awarded them.

Upon motion of Brown, seconded by Casey, the contract was thereupon awarded to Wrightson, Anderson & Yost, subject to the approval of the district attorney.

Supervisor Brown was granted permission to purchase 30 feet of corrugated pipe from Barrett, Hilp & Co., for use in his district.

On motion of Casey, seconded by MacBain, the county engineer was instructed to draw up plans and specifications for the raising of the road from five to six feet near Holy Cross cemetery.

On motion of MacBain, seconded by Casey, the county recorder was instructed to file his report on the first meeting of each month.

County Surveyor Neuman stated that he was having considerable trouble with the county's automobile, the Haynes, which he was using, and asked permission to trade in the old machine for a new one. The surveyor's request was granted on motion of MacBain, seconded by Casey.

County Surveyor Neuman reported that the total cost to date of removing the slides from the La Honda road was $1444.86. On motion of MacBain, seconded by Casey, the action of the county surveyor in having the Blanchard-Brown & Company perform this work was ratified.

BIG PLANT FOR HANDLING ROCK, SAND AND GRAVEL.

A large plant for the rapid handling of rock, sand and other material of a similar kind, has been erected in this city by Arnold Hess, the local contractor. The plant, which is now about ready for use, is located on the property of the Southern Pacific Company, just opposite the depot.

A track has been built to connect the plant with the main line of the railroad. The material is brought in on self dumping steel cars and dropped into a large concrete bin built just below the track. It is then carried up in buckets, attached to an elevator system, to the top of immense wooden bins. There are seven of these bins in all, three for different sized rock, one for gravel, one for sand, one for dust and an extra one for emergenoy use. The material, when it reaches the top of the elevator, drops into long chutes, of which there are also seven, and by means of these chutes, is conveyed into its proper bin. From these bins the material is loaded in a few minutes into trucks below through chutes at the bottom.

Mr. Hess expects to have the plant in operation this week.

BOY SCOUTS WILL HAVE BIG CAMP ON COASTSIDE

Plans have been practically completed for the establishment on the coastside near Pescadero of a big summer camp by the Redwood City Council, Boy Scouts of America.

The camp, which will be in charge of Scoutmaster H. H. Sears, assisted by Wilbur Doxsee and Otis M. Carrington, will be established on the Henry Dearborn ranch. The idea of those in charge of arrangements, is to receive into the camp, boy scouts from all outside points, who are looking for a camping place for the summer.

Roy W. Cloud is president of the local council of the boy scouts and George A. Merrill is vice-president.

DANCE OF THE BACHELORS ATTRACTS LARGE CROWD.

The dance given by the Young Bachelors of Redwood Saturday evening was one of the most successful held in this city in many months. Foresters' hall was crowded with dancers, many coming from South San Francisco and other places.

There were a great many contestants entered in the waltzing contest. First prize was awarded to Emile and Jennie Larrouy, second prize to Mr. and Mrs. Maurice Sheehan of San Mateo, while Ed. Hogan and Mrs. Lee Clark carried off third honors.

MOTHER OF JOHN LAYNG TO SHARE IN BIG ESTATE.

By the setting aside last Friday in Judge Hunt's court, the will of the late William Hinkel, stock broker of San Francisco, Mrs. Louise Layng, sister of Hinkel, and mother of John Layng of this city, will receive with another sister and a brother, one-half of the $300,000 estate. The other one-half goes to Hinkle's widow.

The jury in setting aside the will held that Hinkel at the time he executed the will, two days before his death, was of unsound mind and acted under the influence of Dr Oliver J. Jones and his wife, Mrs. Elizabeth Hinkel. By the terms of the will, the widow received $100,000, Dr. Jones $25,000, a stepson $20,000 and other bequests were made totaling $170,000. The remainder of the estate, amounting to more than $100,000, was created into a charity fund.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The rule is that the easier the time a man has the less he amounts to. The desirable routes are all uphill.

Mexico is constantly finding a brand new Joshua, but he always gets lost in the wilderness.

So far the Zeppelins seem to have wrecked but little except the nerves of a number of villagers.

PROTECTION FOR OUR HOMES.

Throughout its entire history, Redwood City has enjoyed a remarkable immunity from serious conflagrations. But in very few, and these in widely separated instances, has there been really serious losses by fire. This fortunate state of affairs, however, it must be admitted by any person conversant with local conditions is more the result of good fortune than wise precaution.

That our fire department is as fully as efficicient as could be possibly expected under existing conditions no one will question. Provided only with an equipment of a decidedly antiquated character, these men have given freely of their time and effort without hope of remuneration—in fact often at considerable financial loss to themselves. No member of the department has ever received from the city any actual remuneration for his services. In fact, so far, the only cost to the tax payer has been the comparatively insignificant expense of the upkeep of what little in the way of apparatus the city has for years possessed.

This is a condition of affairs which should not longer be permitted to exist. With the vast sums of money invested in business and residential buildings the property owners of the city should no longer assume this risk. To do so—in view of the small outlay required—can only be classed as false economy of the rankest nature. The dictates of ordinary business prudence demand that the city should be provided with not only an effiicient fire fighting machine, but one capable of reaching even the more remote portions of the city with the least possible time.

This is a matter of special importance to owners of residence property. The greater number of our most costly homes are located in the more remote sections of the city, while, in the natural order of things, the best of the equipment of the fire department is kept within easy reach of the business center, where its service may be most frequently required. Here is where the value of motor propelled apparatus, capable of rapid movement, is most certainly evident. Under conditions as they now exist, once a fire is well started, practically complete destruction is almost a certainty. For this reason, if for no other, residents of the outlying sections of the city should especially interest themselves in any movement for the improvement of the equipment of our fire department.

Interesting Health Statistics.

The April Bulletin of the State Board of Health was received yesterday and has the following interesting facts concerning San Mateo county: During February there were 53 births, 21 deaths and 23 marriages. In most of the counties the death rate is pretty nearly equal to the birth rate, but in San Mateo County the births are largely in excess of the deaths. During the month of February there were no deaths caused by contagious diseases but three were from tuberculosis. The average annual death rate per 100,000 population by counties from 1909 to January 1, 1915, by typhoid fever in San Mateo county was 8.1 percent. This is the smallest rate for any county in the state with a population of over 10,000, and during the period of those five years there were only 13 deaths from typhoid. That does not signify that there were but 13 cases, but only that 13 resulted fatally and the people should be just as careful in the future as they have in the past to see that the number of cases is still less.

A valuable horse belonging to James Maloney was struck by an automobile Monday night at the Duff and Doyle corner and had one of its legs badly injured. Kelly, deceased, that was begun in the Suprior Court of this county in 1910, and which was submitted on March 11th of this year to the Court for its decision, was decided on Thursday in favor of the plaintiff. A judgment is rendered in favor of Blanchard for $1030 and costs. Early in the nineties Mr. Blanchard's grandmother, Mrs. Margaret Kelly, died at her home in Portola. She was the wife of Hugh Kelly, whose estate she inherited. By the terms of her will she bequeathed the sum of $1000 to her grand child. Her son, Thomas Kelly, was to hold the money in trust for the minor until he became of age. By the terms of the trust Mr. Kelly was to invest the money in mortgage securities. Awaiting a profitable mortgage investment he deposited the funds in the California Safe Deposit and Trust Company of San Francisco in 1905. Two years afterwards the bank failed and Kelly lost the money. Young Blanchard contended that the trustee violated the terms of the trust when he did not invest the money in mortgage securities and his estate therefore is responsible for the money. Besides the $1000 plaintiff asked for interest at the rate of seven per cent per annum from 1905. Judge Buck would not allow this, but did allow interest on the $1000 from the time of Mrs Kelly's death until her estate was distributed, which amounted to $30. The defense made the point that the money was only temporarily deposited, awaiting a profitable investment. On the other hand the plaintiff contended that the funds were deposited in the saving bank of the institution and remained there for two years, or until the bank closed its doors. The case was an interesting one, involving many technical legal points. Archer Kincaid of this city appeared for Mrs. Kelly, whose husband died three years ago, and Fred L. Button of Oakland was the attorney for young Blanchard. A portion of the well known Kelly ranch at Portola was purchased some years ago by the Family Club and it has erected several club houses and it is there that the members make merry every Saturday and Sunday 'neath the towering redwood trees.

BOND ELECTION IS SET FOR JUNE 29

Council Prepares Way for Much Needed Improvement for Fire Department

The regular meeting of the city council last Monday evening proved to be another long drawn out session, the town clock striking the midnight hour just as adjournment was taken. With all the trustees present, much of the time was given over to discussion of the much worn subject of methods of street paving, a subject which has so far proven to be most difficult of satisfactory solution.

So far as the interest of the general public are concerned, the most important business transacted was the introductory consideration of the ordinance calling a special election for the authorization of the issuance of bonds for the purpose of providing the imperatively needed addition to the equipment of the fire department. For this purpose it is designed to issue bonds in the sum of $7500, the entire amount of which will be required to purchase and properly equip an automobile combination chemical and hose wagon with the necessary complement of fire hose. The ordinance, which had been prepared by City Attorney Mansfield, provides that the bonds to be issued shall bear interest at the rate of 5½ per cent, which is believed to be the lowest rate of interest at which a purchaser can be found.

For the purpose of the election, four precincts are provide with the following as the officers of election: Precinct 1—Inspector, Minnie Cronk; judge, Mrs. E. Stevens; clerks, Chas. Barton and Carl Mable. Precinct 2—Inspector, F. W. Glennan; judge, Mrs. W. H. Kinne; clerks, Henry Offermann and Mary Winter. Precinct 3—Inspector, Ed. Allen; judge, C. Petersen; clerks, Edna Christensen and Annie Bullivant. Precinct 4—Inspector, Lizzie Pitcher; judge L. E. Mullen; clerks, Mary E. Read and John Shermantine. The ordinance was given its introductory reading and will come up for final action at the next regular meeting.

Considerably more than an hour's time was devoted to a continuation of the hearing on the petition for the revocation of the saloon license of Paul Demartini, without definite results. A considerable number of witnesses were present to offer testimony on each side and much contradictory testimony was given. Evidently not entirely satisfied with the showing made for either side of the controversy and still in doubt as to conditions actually existing, the trustees ended the hearing by a reference of the question to future consideration as a committee of the whole, with the intimation that the information gleaned might be useful at the time of the consideration of the annual applications for renewal of license permits.

A request of B. L. Werder for the installation of an additional street light at the corner of Elm and Lathrop streets, was granted upon the showing that the present heavy travel made that spot a dangerous one, especially to users of utomobiles.

City Clerk Plump and Marshal Coleman reported that the receipts of the city for the past month amounting to a total of $10,287.18, divided among the various sources as follows:

Water collections	$819.50
Water connections and meters..	180.00
Sewer connections	10.00
Miscellaneous licenses	86.50
Dog licenses	18.00
Plumbers fees	9.00
Taxes	9128.53
Improvement Dist. No. 13..	35.65

Treasurer Towne reported that the balance in the water fund had increased to $3638.77. According to the same report, after making apportionments of taxes to the various special funds, there is now a balance of $2887.16 to the credit of the general fund.

A communiction from George S. Evans Womens Relief Corps invited the council to officially participate in the annual Memorial Day exercises, which will be held May 31st.. The invitation was accepted by the trustees.

Acting upon the request of a committee of the Redwood City Band, it was decided that the local merchants should be aided in their efforts to maintain a series of semi-monthly public concerts by a contribution of $30 per month from the city funds.

A resolution was adopted fixing the official grades of Broadway, from Washington to Main, in preparation for the ordering of the construction of concrete gutters and the laying of storm sewers on that street.

The regular monthly list of bills was allowed and ordered paid, after which an adjournment was taken until the date of the next regular meeting.

Well Attended Meeting of Local Board of Trade Discusses Promotion Problems

That the members of the Redwood City Board of Trade have awakened from their long season of lethargy and determined to take an effective interest in civic affairs, was amply demonstrated at the regular meeting of the Board last Tuesday evening. When president Stuart Frank called the meeting to order the lobby of the council chamber at the city hall was well filled by a representative gathering of the business men of the city, all of whom displayed an active interest in several important matters presented for consideration.

After the transaction of a few matters of routine business, which included the admission to membership of the Jas. Crowe Undertaking Co., E. J. Arkus of the Redwood City Band and Court Madrone, Foresters of America, President Frank introduced Commissioner Cleveland of the Panama-Pacific Exposition, who, in an interesting address, urged the advisability of setting apart a special day for a visit of the people to the Exposition, the occasion to be designated as "Redwood City Day." In urging this action, Mr. Cleveland explained that much valuable publicity for this city might be thus obtained at a minimum of expense, this being now recognized as the best means of attracting the attention of representatives of eastern papers.

The members of the board were heartily in favor of the idea suggested by Mr. Cleveland and after thanking the commissioner for his kindness in coming down and addressing the board, Chairman Stuart Frank appointed the following committee to make arrangements and to confer with Mr. Cleveland, for selecting a special day, to be known and designated as Redwood City Day at the fair: Roy W. Cloud, L. P. Behrens, George H. Irving, E. B. Fox, H. W. Lampkin, Dan R. Stafford and Chas. G. Landschelt.

County Superintendent of Schools Roy W. Cloud addressed the meeting at some length, urging the importance of making provision for future extension of the school facilities of the city. Mr. Cloud called special attention to the rapidly increasing attendance at the grammar school and the practical certainty that within a very short time the accommodations of the present building would be over taxed. Urging that one of the most valuable assets of a community situated as is Redwood City is an evidence of abundant school facilities, he impressed upon the gathering the advisability of securing sites for additional schools at this time, while property may be purchased at a reasonable price. In order that provision might be made for the accommodation of all sections, Mr. Cloud suggested the securing of two additional sites, one in the western residence section and one near the southerly portion of the city. Attention was also called by the speaker to the importance of providing for ample public play ground facilities, where the younger generation might be given opportunity for healthful exercise free from the dangers of street travel.

These suggestions were heartily concurred in by Trustee Henry Steinberger of the grammar school, who called especial attention to the cramped recreation facilities surrounding the present schools. As a means of partially relieving this condition, Mr. Steinberger suggested the advisability of closing the street between the grammar and high school buildings, which at this time is but little used by the public. This unused space, he suggested, might be devoted either to lawns or additional playground space.

Following this disgussion President Frank appointed a committee, consisting of L. A. Heiner, A. D. Walsh, G. H. Irving and J. D. Hedge, to devise some practical means of carrying out the suggestions made.

The question of increasing the valuation of the city property and lowering the taxes was the subject of considerable discussion among the members, and it was the consensus of opinion that it was not advisable to make any change in the assessment, that it was best to leave well enough alone.

George H. Irving, D. R. Stafford and Stuart Frank were appointed on a committee to meet some parties who were coming here for the purpose of looking into the matter of establishing a bus line service in this city and vicinity.

Escaped Bandits Elude Officers.

Up to a late hour last evening no trace of Louis Marken, the car bandit, and James Smith, who escaped from the county jail on Wednesday by sawing a bar in their cells and escaping through the roof of the county fail, has been found. Sheriff M. Sheehan, with a posse is scouring the country in the hope of locating the pair, but he has been unsuccessful in his attempt to locate the men. Yesterday a force of men was busy in the sheriff's office sending out notices to every peace officer in the state. A description of the escaped men has been sent broad cast throughout the country. The sheriff's office is offering a reward of $125 for the return of the culprits, $100 for Marken and $25 for Smith. It is believed the two will be apprehended before long. Every sheriff and constable in the state is on the look out and the arrest of these desperate men is momentarily looked for. The escape was made about 2:30 o'clock in the afternoon. The jailor had only absented himself a few minutes when the desperadoes took advantage of the officer's absence and made their getaway.

New Actions in Superior Court.

The Ocean Shore Development Co. has brought an action in the Superior Court against J. P. Hammond to recover the sum of $1821.95, balance due on the purchase price of lots 5 6 7, block 27, Riveria Ocean Villa Tract. The complaint alleges that on January 11, 1911, an agreement was entered into between the parties to the suit whereby the defendant purchased the property for $2125, stipulating to pay $300 down and $35 a month until the property was paid for. Defendant paid the $300 and $35, the first month's installment, but paid no more. The company now wants the balance of the purchase price or the defendant to relinquish his equity in the realty.

The Bank of Italy has brought foreclosure proceedings in the Superior Court against Emil Perrot and others to recover the sum of $186.83 advanced for taxes, interest and costs of suit. The property on which the mortgage is to be foreclosed consists of lots 16 and 17, block 10, Easton Addition to Burlingame.

Theresa Gounzes has petitioned the Superior Court to have vested in her as a homestead, 10 acres of land near Millbrae. The property was a joint homestead of herself and husband, George Gounzes, who died on July 28, 1908. The petition will be heard on June 3d.

P. J. Sullivan has brought an action in the Superior Court against Maurice Enright and others to quiet title to lots 1 and 2, First Addition to San Bruno. Attorney Coleberd represents the plaintiff.

Joseph Kerr, through his attorney, Edw. F. Fitzpatrick, brought an action in the Superior Court on Thursday against Lucy Johnston, also known as Lucy Wolf, to quiet title to the property recently purchased by the supervisors for a jail site. The realty is across the street from the courthouse. The lots were originally owned by Emma Littlejohn, who deeded them to her daughter, Leonora Johnston for her use and benefit and at her death to be left to her daughter, Lucy Johnston. The property was subsequently sold for taxes to the late John Stafford, who in turn sold the property to Joseph Kerr. The object of the present suit is to clear the title as it appears on the face of the records, that Lucy Johnston has some equity in the real estate. Her whereabouts cannot be found, hence it is necessary to bring the action and to serve the defendant by the publication of a summons. This will take two months. Mrs.. Johnston was last heard from in New York. On Thursday a quit claim deed to the land was filed from Chase Littlejohn and Mrs. Flora Easterday of Halfmoon Bay, children of Emma Littlejohn, the original owner of the realty.

Lydia Dugan has brought an action in the Superior Court against James P. Fletcher to have a certain contract executed on November 11, 1911 cancelled. According to the terms of the agreement defendant purchased from Mrs. Dugan lot 5, block 1, a portion of the Mezes tract, Belmont, agreeing to pay the sum of $300 and a monthly installment of $10. Defendant paid the $300 and the sum of $118.56 and no more. His last payment was on May 16, 1912. Mrs. Dugan asks that said contract be cancelled and that she be given possession of the property.

REDWOOD WINS OPENING GAME

LOCALS COME FROM BEHIND IN SEVENTH INNING AND DEFEAT HUMBOLDTS.

Mayor Merrill Opens 1915 Season by Pitching First Ball to Trustee Hahir.

Redwood celebrated the opening of the 1915 baseball season by capturing the first game from the Humboldts of San Francisco by a score of 4 to 3, and it was one of those seventh inning rallies that won the game for the locals. The visitors put two runs across in the second frame and no further scoring was done until the end of the seventh. It was then that the home guard got busy and by bunching hits off of Kennedy, the Humboldt pitcher, managed to chase four runs across the plate, enough to cinch the game.

Despite the threatening weather, the grand stand was well filled by 2:30 when Mayor Merrill took his position in the pitcher's box and proceeded to put one straight over to Trustee Joseph Hahir, who, armed with a mighty dangerous looking bat, threatened to drive the sphere out of the lot. The Mayor's first offering was a fast high one and the best Trustee Hahir could do was to foul it. The second one was straight over and this time Trustee Hahir connected and smashed a hard fast one in the direction of the pitcher's box, which the Mayor gathered in with all the ease of a professional and tossed the runner out at first.

The locals threatened to score in the very first frame. Beeger, the first man up, was hit by a pitched ball and was sacrificed to second by Valencia, Torres walked and both runners advanced a base on a passed ball. But Miller and Sampson fanned in succession and Beeger and Torres were left stranded on third and second.

The visitors grabbed two runs in the next inning. Kennedy was given free transportation to first by Winkler and was sacrificed to second by Miller. O'Connell got on when Winkler cracked him in the ribs with one of his fast ones. McCormick flew out to Sampson. Hoeffer singled to left and when Valencia let the ball go by him, Kennedy and O'Connell both raced home. McPhee ended the agony by grounding out to Sampson.

No further damage was done by either side until the lucky seventh, although the locals threatened to score both in the fifth and sixth, but the visitors kept them away from the plate. Winkler was pitching in great form all the time and the Humboldts could no nothing with his delivery. With "Heine" Winkler on the firing line and "Heine" Beeger at the receiving end, it made too strong a German battery for the allies to stand up against, and one after another, they fell under the terrific fire of the husky German gunner.

Beeger started the fire works in the seventh by beating out a slow infield hit. Chaves was given four wide ones and went to first. Torres responded to the cries of the crowd by lacing out a stinging single to center, scoring Beeger. In an attempt to get Chaves at third the Humboldt pitcher, who had taken the throw-in to the plate, threw wild and the ball rolled into left field, letting Chaves scamper over the rubber for the second run. Torres reached third on the overthrow. Miller fanned, but "Dewey" Sampson came through with a pretty single to left and Torres scored. Herm fanned, Sampson stole second, and came all the way around a few minutes later when Lisle Winter laced another single to center. Winter was out attempting to steal third.

The visitors gathered their third run in the ninth. Woolsey got to first on an error by Miller and stole second. Kennedy fanned and Miller singled to left center. Woolsley came home while O'Connell was being thrown out at first. Chaves gathered in a fly from McCormick and the game was over.

Notes of the Game

Torres got a big hand from the crowd in the fourth when he raced in from deep center and grabbed a line drive of McPhee's, just back of second.

Winkler pitched a great game for Redwood. He seems to have everything that is necessary on the ball, and had the visitors guessing all the time. He showed wonderful control throughout the entire nine innings and gave only two men their base on balls. He fields his position well and watches his bases closely. He certainly has the earmarks of a good pitcher.

An interested spectator at Sunday's game was Oscar Comper, a former well known player on the local team. Oscar pitched for the locals some seven years ago and was considered one of the best slab artists in the business. He is now in business in San Francisco.

Manager Griffen seems to have found a good man in Miller at short. Miller made a favorable impression on the fans. He is fast and covers lots of ground and works hard all the time.

The game next Sunday will be with the J. H. Krause Club of San Francisco. Chase, formerly with the Clarions, will be on the firing line for the locals. Chase pitched last Sunday for San Mateo and established some record by allowing only three hits and getting fourteen strikeouts to his credit.

Bonita Parlor, N. D. G. W., will give one of their enjoyable card parties on the 27th inst. Valuable prizes, including a cut glass dish, will be awarded. Refreshments will be served after the game.

Marcus' Department Store is offering special bargains in white goods.
